

INTRODUCING JEEP COMPASS. THE URBAN RECREATIONAL VEHICLE.

It's time to start having fun with the city. The all new 2007 Jeep Compass comes with an advanced 172 hp 2.4L engine that gets up to 30 miles per gallon*, an available four-wheel-drive system, Electronic Stability Program (ESP) with Brake Assist, as well as a Five-Star side-impact safety rating†. All for a starting price of \$15,985‡.

‡Limited model 4x4 as shown, \$22,235. MSRPs exclude tax.

*2.4L engine EPA estimate of 26 city/30 highway for 5-speed manual-equipped 4x2 models.

†Based on NHTSA crash testing.

Jeep is a registered trademark of DaimlerChrysler Corporation.
