

# THE MANY PERILS OF OVER-STUDYING

by **half.com**

Todd accidentally took History for the first time in college. A prankster slipped it into his bowling class.

Todd eventually began binging on History, taking it whenever possible.

History was cheaper on half.com. Which led to Todd getting so into History that he would run around naked, yelling "The British are coming..." He thought being naked would help.

This did not reflect well on the school and Todd was forced to leave and join the circus.

Allie was a model student in high school, but found herself in the wrong crowd in college, amongst friends who abused Computer-Science.

Soon Computer-Science was leading Allie down the wrong path, and her world was becoming two-dimensional. All computery and sciency.

Then she found out about half.com, where she was able to get Computer-Science for half the price. This would prove to be her demise.

Today Allie is in prison, cut off from Computer-Science, where she has been turned into the entertainer for the other inmates.

Julie wanted to fit in at college, so she did English.

And soon Julie was doing English every weekend. It was the best of times. Julie was swept away from reality.

English on half.com was cheaper, so Julie did twice as much. She went crazy—nesting with cuckoos and developing a fear of wrathful grapes.

Today Julie is seen every so often on the subway, where she rambles on in incoherent soliloquies, asking for spare change in iambic pentameter. Julie smells repugnant.

Rishi didn't want to take Philosophy in college, but peer pressure forced him to try it.

Philosophy became an escape for Rishi. He would spend hours upon hours in a Philosophy-induced state.

Rishi found he could get twice as much Philosophy on half.com for less. He overdid it – getting all hopped up on Nietzsche.

Rishi now lives alone in the forest, where he waits for a tree to fall so he can applaud it with the sound of one hand clapping.
